WordPress is well-known for its ease of installation. Under most circumstances, installing WordPress is a very simple process and takes less than five minutes to complete.

Installing WordPress Â« WordPress Codex

This tutorial is for software developers using IBM/Rational Clearcase for change management (CM) on Linux. Unlike many of the text file based CM systems like RCS and CVS, Clearcase used its Multi Version File System (MVFS) to hold various revisions of a file and control locking of files checked out to a developer.
