Shared earning/shared parenting marriage, also known as peer marriage, is a type of marriage where the partners at the outset agree to adhere to a model of shared responsibility for earning money, meeting the needs of children, doing household chores, and taking recreation time in near equal fashion across these four domains. It refers to an intact family formed in the relatively equal earning ...

Divorce, also known as dissolution of marriage, is the process of terminating a marriage or marital union. Divorce usually entails the canceling or reorganizing of the legal duties and responsibilities of marriage, thus dissolving the bonds of matrimony between a married couple under the rule of law of the particular country or state. Divorce laws vary considerably around the world, but in ...

Why it works. Family Links is committed to research into the effectiveness of the Nurturing Programme. We invest in a dedicated research and evaluation department, and work with many partners to ensure rigorous evaluation and continuous measurement of our impact.

## **Family Links: Why it works**

The simple answer is yes. The longer answer is CPS will usually attempt to see your child before they talk to you. There is a simple reason for this: Workers want to talk to the child before a parent or foster parent has the chance to tell them what to say (at best) or threaten the child with consequences of disclosing abuse (at worst).

Slowly but surely, Generation Xers have been taking over from Baby Boomers as the majority of parents in elementary and secondary education. In the early 1990s, Gen Xers began joining parent-teacher associations in the nation's elementary schools. Around 2005, they became the majority of middle ...

1. Introduction. The well-being of children exposed to trauma has been of interest to a number of researchers (Osofsky, 2004). The specific type of trauma associated with removal from the family home and placement in a new environment can be particularly troubling for a child or youth's sense of well-being (Greeson et al., 2011; Kisiel, Fehrenbach, Small, & Lyons, 2009).

The identification of the independent contributions of strongly correlated indicators of socioeconomic background can be somewhat tricky. One usually ignored aspect of these characteristics, however, is that the effects of education, occupational class and income can be arranged causally, as shown in Fig. 1. It may be argued that parental education has a direct or independent effect on the ...
