As req.body's shape is based on user-controlled input, all properties and values in this object are untrusted and should be validated before trusting. For example, req.body.foo.toString() may fail in multiple ways, for example foo may not be there or may not be a string, and toString may not be a function and instead a string or other user-input.

PDFelement makes it easy to create, edit, markup and convert PDF files. The app feels capable, stable and surprisingly easy to use. When we first reviewed PDFelement, we were delighted by how well it achieved a balance between cost, ease of use, and a comprehensive feature set.. That balance makes this the PDF editor I recommend for most business users.
