The o-ring story is just one layer to the full model, albeit possibly the most important layer. There are other things that matter, such as the USA being founded and still mostly run on Anglo principles (seems good for max GDP per head), the US having never been invaded, having a 100 year head start on South Korea in terms of industrialization.

The Idiocy Of The Average - And Why It Matters, by Anatoly

[28-Feb-2019] Suo Moto action on the news item published in Amar Ujala Hindi News paper on dated 08-012-2018 titled "The Idiocy of the Average" by Anatoly. The article discusses the concept of the 'average' and how it can be a misleading measure of performance. It argues that the average is often used to justify inaction and complacency, and that it is important to look at individual performance and to challenge the status quo. The article is a critique of the 'average' and its impact on society.
