Pyromania is an impulse control disorder in which individuals repeatedly fail to resist impulses to deliberately start fires, in order to relieve tension or for instant gratification. The term pyromania comes from the Greek word *πῦρ* (pyr, fire). Pyromania is distinct from arson, the deliberate setting of fires for personal, monetary or political gain.

INTRODUCTION. Catatonia is a behavioral syndrome marked by an inability to move normally, which can occur in the context of many underlying psychiatric and general medical disorders []. Within psychiatric nosology, catatonia is not conceptualized as a separate diagnostic entity []. Rather, the term catatonia is used to specify a subtype of the underlying disorder, similar to the term ...
