In commerce, customer experience (CX) is the product of an interaction between an organization and a customer over the duration of their relationship. This interaction is made up of three parts: the customer journey, the brand touchpoints the customer interacts with, and the environments the customer experiences (including digital environment) during their experience.

Customer experience - Wikipedia

IBM® InfoSphere® Data Architect is a collaborative enterprise data modeling and design solution that can simplify and accelerate integration design for Business Intelligence, Master Data Management and Service-Oriented Architecture initiatives.
