Concept. Scarcity refers to a gap between limited resources and theoretically limitless wants. The notion of scarcity is that there is never enough (of something) to satisfy all conceivable human wants, even at advanced states of human technology. Scarcity involves making a sacrifice—giving something up, or making a tradeoff—in order to obtain more of the scarce resource that is wanted.

Introduction to Trade Marketing. Although sometimes confused with strategic Sales planning, Trade Marketing is actually a marketing discipline that relates to increasing demand with supply chain partners, such as distributors, wholesalers and retailers, rather than at the consumer level. It is not a replacement for Brand Marketing, but a complementary process by which you enable consumer ...

The Census of Agriculture is a complete count of U.S. farms and ranches and the people who operate them. Even small plots of land - whether rural or urban - growing fruit, vegetables or some food animals count if \$1,000 or more of such products were raised and sold, or normally would have been sold, during the Census year. The Census of Agriculture, taken only once every five years, looks at ...
