JWOCN Editor comment. Absorbent Product Advice? Call the WOC Nurse . Our collective experiences with body worn absorbent product are complex. For example, I have observed many acute North American facilities publicizing themselves as "diaper free", and I personally remember making statements about their use as a stop-gap to more definitive (aggressive) care for most patients with incontinence.

Journal of Wound Ostomy & Continence Nursing

Insects can also be grown in small containers, small spaces, modularly, and even vertically in sky scrapers. In fact, insects may be the only animal feasible to farm or produce in mass scale in tall vertical farms in cities, other densely populated areas, or really anywhere vertical farming is desired. Thus, the emerging insect-based food industry could be a great crop for the emerging ...
