A team of researchers from the California Institute of Technology (Caltech) have designed an illusion that might trick your brain into seeing things that aren't there, the New Atlas reports.

This 'Time-Traveling Illusion' Is Designed to Trick Your Brain

A hat-trick or hat trick is the achievement of a positive feat three times in a game, or another achievement based on the number three.

Hat-trick - Wikipedia

An illusion is a distortion of the senses, which can reveal how the human brain normally organizes and interprets sensory stimulation. Though illusions distort our perception of reality, they are generally shared by most people.
